## NO CRUSH NEGROES.

### Cuba May Be Under Martial Law.

President Asks Authority to Suspend Constitutional Guarantees.

Army Chief Says Merciless Punish Needed to Terrorize Rebels.

Reconcentration Is the Next Plan to Check Conspiracy of Blacks.

(BY A. P. NIGHT WIRE TO THE TIMES.)

HAVANA, June 3.—President Roosevelt sent a message to Congress this afternoon requesting the passage of a law suspending the constitutional guarantees throughout the republic or in such portions of the island as he may consider necessary.

The action was taken in consequence of the lack of a quorum, but the measure was referred to a committee and a special session was called for tomorrow to discuss the measure which, it is believed, makes the crucial moment in dealing with the insurrection.

The President's action was taken in accordance with the urgent recommendations of Gen. Montenegro, the commander-in-chief now at Santiago, after a long conference by telegraph in which Montenegro declared it absolutely necessary to suspend the constitutional guarantees to prevent co-operation of negro conspirators with those actually in arms.

The general said the severest measures to strike terror into the colored men are essential. He intends to pursue the rebels mercilessly and deal summarily with all suspected of aiding the insurgents should the suspension of the guarantees be authorized, which appears practically certain.

The next step likely will be the recourse to a rigorous policy of reconcentration throughout Oriente to prevent recruits from joining the insurgent columns and also denuding the country of the means of subsistence to the rebels and cutting off their sources of information regarding movements of the regular troops.

The Dominican general, Victoriano Lopez, arrived today at Havana from Puerto Plata. He and his companions were arrested on suspicion that they intended to aid the insurgents.

Gen. Mendota reports skirmishing recently around La Gloria, where there are over 3000 rebels. At Hattillo, there are about 1000 rebels with still another corps of 500 not far distant. Skirmishing continues in the region between San Luis, Guantanamo and Santiago, but no important results have been achieved.

There seems no probability of serious fighting in the next few days, but the news of the President's request for permission to suspend the constitutional guarantees has caused a profound sensation. In Santiago conditions hourly appear more critical. At Havana there is a feeling of apprehension, the result of persistent rumors of a possible negro uprising. Many Americans in Havana province are taking refuge in the capital.

Many Refugees Are Arriving.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SANTIAGO (Cuba) June 3.—Many refugees from Matanzas, which was seized by the rebels on Wednesday, are arriving here. They report that upward of 500 negroes entered shouting, "Death to the whites." They pillaged and then burned the stores. The situation appears increasingly grave and much alarm is felt.

Looting and burning near Santiago continues.

Woman's Body Unidentified.

SAN JOSE (Cal.) June 3.—(By A. P. Night Wire.) Some of the clothes of a drowned woman found on Santa Cruz beach were sent to this city with the hope of identification.

Several people have examined the items, but no one has been able to identify the woman.

## GOVERNOR IS LEADING

### New Mexico After Record.

Half-Million-Dollar Bond Bill for Great Highway Passes House.

Is Earnest of Ten Times as Much to Modernize Old Santa Fe Trail.

Executive Sends Compliments to Gen. Otis and Twitchell Suggests Monument.

BY BERT C. SMITH.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO (N. M.) June 3.—(Exclusive Dispatch.) "This is the greatest work ever done in the interest of the national highway. All New Mexico is with you. You can't make it too strong when you say I am ready to do my part in this nationwide undertaking. We will have a national highway and New Mexico will do her full part."

"Send my best wishes to Gen. Harrison Gray Otis for the success of the Times car on this Ocean-to-Ocean organizing tour. Tell them in Los Angeles that Gov. McDonald of New Mexico is pledged to work for the national highway along the old Santa Fe trail."

Gov. McDonald of New Mexico made the above statement in his farewell to the Times Ocean-to-Ocean car just before it left the Capitol building in Santa Fe this morning. Representative Burg, whose election to Congress by the Republicans of this State seems assured, joined with other prominent State officials in sending the Times car out on the old Santa Fe trail with one of the biggest boosts it has yet received.

"We are to have an Ocean-to-Ocean highway," said Representative Burg. "If my vote will help, count me in on this great work."

A FITTING CLIMAX.

As a fitting climax to the success of our meeting in the Hall of Representatives in Santa Fe, Saturday night, came the announcement of Col. H. E. Twitchell, chairman of the mass meeting held in Las Vegas, that the good roads bill for \$500,000 had passed the House of Representatives of New Mexico today. The passage of this bill was timed to follow the organization of the Santa Fe division of the Ocean-to-Ocean Highway Association and came just as the Las Vegas chapter was being born.

The money secured from this bond issue is to be used to improve the old Santa Fe trail and the stretch of El Camino Real along the route of the proposed national highway in this new State. It was said by prominent members of the State Senate and the House of Representatives that it is only the opening wedge in a plan for an appropriation of \$5,000,000 for New Mexico's part toward the ocean-to-ocean route.

The meeting tonight was just as enthusiastic as the one held in Santa Fe in honor of the arrival of the Times organizing car. Col. Twitchell, who is one of the big railroad men of this State, in his address, honored the Times for sending the Times special across the continent in this great organization tour. The speaker said he would be in favor of erecting a monument to the editor of The Times for his great work in the interest of good roads in this country.

HIG MEMBERSHIP.

Judge David Leahy was chosen unanimously president of the Las Vegas chapter of the Ocean-to-Ocean Highway Association; R. E. Johnson, a large land owner, secretary; and Arthur W. E. Gortner, treasurer. A pledge of \$2000 toward the national highway fund was made, and 2000 more members were added to the parent organization.

The organizer announced tonight the membership already secured for the Ocean-to-Ocean Highway and the total reached a big figure. We have 10,000 members for Southern California; another 10,556 for the State of Arizona, and already to this point in New Mexico, 1000 for Magdalena; 1000 for Socorro; 1500 for Albuquerque; 2000 for Santa Fe and 2000 more for Las Vegas. This makes a total for New Mexico already of 7500, with still other towns to be organized which may bring the total up to that of Arizona, now the leading State.

Five prominent men of this city were chosen in addition to the officers of the Las Vegas division as a committee on organization. They will take up the matter of securing members for the Ocean-to-Ocean Highway Association. They are Mayor Tupper, Hal Reynolds, George Fleming, W. F. Padgett and William Springer. These men are to start on a campaign to raise \$5000 at once.

National Organizer Potter announced a definite plan today, which is to be backed by the California, Arizona and New Mexico members for Federal aid and William Springer will offer a proposition which will mean that each State will provide half the money and Congress the other half toward building the national highway across this continent. This

## TO FIGHT IN PUBLIC.

### Taft Urges a Wide Open Door.

Wants Everybody to Know the Credentials of the Delegates.

Request Indicates Managers Believe He Cannot Be Beaten.

Headquarters of the Candidates Are Established in Chicago.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, June 3.—President Taft has written to Chairman New of the Subcommittee on Arrangements for the National Republican Committee, suggesting that meetings of the National Committee at which contests are heard, be open to the press and the public.

The President's letter was received at the national headquarters today. In it he suggests that Mr. New take up with the committee the matter of open hearings and that, if the committee finds it possible, the deliberations over the contests be carried on in open sessions.

COL. NEW'S STATEMENT.

Chairman New expressed the opinion tonight that the action taken by the President would have great weight with the committee. This, taken in connection with the previous request of Col. Roosevelt for publicity of the contest arguments, indicates that the doors probably will be thrown open to newspaper men when the committee takes up contested delegates cases Friday morning.

The President's letter was the chief subject of discussion at political headquarters tonight and his declaration for public hearings is declared by his supporters to indicate that the Taft managers believe their contest cases are strongly prepared.

The national headquarters were opened today by Joseph E. Keating of Indiana, but up to a late hour tonight only two eastern representatives of the President had reached Chicago, John Ryan and A. A. Wirt of the publicity bureau. Mr. Keating urged Director McKinley by telegraph today to hurry to Chicago and he is expected to reach the city tomorrow.

HEADQUARTERS OPEN.

The Roosevelt and the Taft headquarters have been established in the same hotel. Alexander H. Ravell, head of the Illinois headquarters, who returned this morning from Governor Bay, gave out a statement tonight outlining what he said was Col. Roosevelt's attitude toward convention organization.

"We are agreed absolutely that there will be a clear majority for Col. Roosevelt on the first ballot," said Mr. Ravell. "The only proposition in sight is to develop the strength throughout the convention preliminaries so that it ultimately will be concentrated in the nomination of Col. Roosevelt."

"Absolutely nothing else has or will be considered by Col. Roosevelt or his friends, prior to or during the convention."

Edwin W. Sims, who is in charge of the Chicago Roosevelt headquarters, upon the arrival of Senator Dixon, made public a telegram from Oscar R. Hundley, a Roosevelt leader in Alabama. Mr. Hundley said that the two delegates from the Third Alabama District, instructed for President Taft, had given out a written statement that they would support Roosevelt, because they believed 50 per cent. of the constituency favored his nomination.

THE SOUTHERN SITUATION.

The southern delegate situation was vigorously discussed by two members of the National Committee who reached Chicago today. Henry S. Chubb, committeeman from Florida, declared it was "a reflection upon the integrity of Florida Republicans" to hint that they would not stand by their instructions for President Taft.

"Florida's twelve delegates are instructed for Taft," said Mr. Chubb, "and they will vote for him through thick and thin. Clayton, chairman for Arkansas, said southern committeemen and delegates would organize before the convention, to fight any proposal to reduce the representation of Southern States."

"The attempt four years ago to reduce representation to the base of the Republican vote cast in the Southern States caught the southern delegates and committeemen unprepared," he said, "but if it is attempted again, it would be fought in the convention."

Victor Roosevelt of Nebraska, acting chairman of the Republican National Committee, is expected tomorrow. The fight to be made by R. H. Howell, recently elected national committeeman from Nebraska, to take Roosevelt's seat when the committee organizes next Thursday, is not expected to occupy that body long.

VANGUARD ARRIVES.

## TO PROTECT AMERICANS.

Rebel Secretary Says They'll Not Be Molested.

People Flee from Chihuahua Despite Assurances.

Orasco Sends Big Force to Meet Federals.

(BY A. P. NIGHT WIRE TO THE TIMES.) CHIHUAHUA, Mex., June 2.—Jose Cordova, secretary-general of the revolution and chief of the Federal army, said today that the American Consul here today that foreigners would not be molested in the operations of the rebels in this vicinity.

The visit of Cordova to the American Consul was direct result of the inquiry by the American State Department as to the recent proclamation from rebel headquarters intimating that a situation might arise out of the alleged partiality of the United States to the Mexican Federal government in the exportation of arms.

Three thousand rebels were sent southward from here today to engage the Federal cavalry of Gen. Villa and Rabeaga en route overland from Parral to attack Chihuahua. A skirmish between the Federal advance guard under Col. Rosendo Hernandez and rebels under Col. Antonio Rojas is reported to have occurred yesterday at Santa Rosalia. Though the clash was of little consequence, it settled all doubts as to the loyalty of Rojas to the revolutionary cause and indicated that the Federal army was moving northward rapidly through the path of burned bridges and destroyed railroads.

To keep up the spirits of the rebel soldiers, it is planned to issue a proclamation in a few days declaring that on the triumph of the revolution, all lands belonging to native and foreign-born alike, will be divided on a new scale, foreigners being compensated for any losses sustained.

Reports here declare Gen. Campa and Argumedo repulsed the Federal advance guard about nine miles west of Torreon.

Only 104 foreigners out of a normal foreign population of at least 2000 reside in Chihuahua today. Of the 1000 Americans who ordinarily live here only thirty-five men and ten women remain.

An official census shows that fear of an attack by the advancing Federal army has depopulated the town. Thirty thousand persons, including Chihuahuas in time of peace, but less than 25,000 are here and the exodus daily is growing. Besides the Americans, there are twenty-six British subjects and thirty-three Germans.

Though an attack by the main Federal column under Gen. Huerta is believed to be several days off, the possibility of a flank movement by Gen. Villa and Gen. Rabeaga, who are reported to be coming from the southeast of Chihuahua, with Federal cavalry, has alarmed the population.

Present plans of the rebel leaders call for a stand at Bachajon, forty-six miles south of here, in the mountain passes along the Mexican Central Railroad. It is believed the government troops will not be able for some time to reconstruct the burned bridges to transport their artillery. The rebels hope during the lull to get enough ammunition to give the Federal forces a battle at Bachajon.

There is little ammunition in the rebel army, not enough at any time for an engagement, but the rebel leaders claim they are getting supplies rapidly and will be well equipped when the fighting is resumed.

There is little ammunition in the rebel army, not enough at any time for an engagement, but the rebel leaders claim they are getting supplies rapidly and will be well equipped when the fighting is resumed.

## Royalty Follows Body of Late King to the Tomb.

Arrival of King's body at Copenhagen.

Right to left—New King, Queen Mother, King's Mother and Queen Mother.

## NOT WORRIED BY THE SUITS.

ESPER'S OIL TITLES CLEAR, SAYS HERRIN.

"Let the Government file its action, if it gives the government pleasure, for it gives us no pain," he declared—See Good Year Ahead.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, June 2.—[Exclusive Dispatch.] William F. Herrin, vice-president of the Southern Pacific Company, with headquarters in San Francisco, is in New York for a conference with Chairman Lovett of the Harriman board. Mr. Herrin, who was operated upon for appendicitis several months ago, is enjoying excellent health. He says that general business in California is good, and that prospects are bright for an active summer and fall on the Pacific Coast.

Regarding the suit soon to be filed in Los Angeles by the government in an effort to recover title to 115,000 acres of oil lands from the Southern Pacific Railroad Company, Mr. Herrin affirmed the opinion expressed by the government that the suit was filed by the government without any basis of fact.

"Of all the oil-land holdings of the Southern Pacific," he said, "which aggregate some 160,000 acres, with a value estimated at \$150,000,000 to \$200,000,000, all but about 4000 acres were patented prior to 1905. In other words, about 99 percent, with a maximum value of \$15,000,000, are not protected by the incontestable clause, inasmuch as the suit to recover was filed by the government within five years from the date of issue of the patents.

The above point, which favors the government's case, involving 115,000 acres, will not apply to the proposed suit involving 115,000 acres, inasmuch as the patents on these lands and all of the rest of the Southern Pacific oil lands were issued over seven years ago and are incontestable under the terms of the patent law.

As a prominent banker for the Harriman system expressed it: "Let the government file its suit. If it gives the government any pleasure, it gives us no pain."

THOUSANDS ARE IDLE. But Only Because the Strikers in London Do Not Want to Go to Work.

(BY CABLE AND A. P. TO THE TIMES.) LONDON, June 2.—It is estimated that 110,000 men were idle today along the Thames and Mersey rivers. These include dockers, carmen, seamen, firemen and members of the building trade. This is a large increase, as many union men joined the strike at the week-end.

On the other hand there were more men working than on Saturday. The sailors' and firemen's union had not yet decided to join the strike, and members of the union arriving on the coming steamers went out immediately. In some cases applicants for work have been roughly treated.

Rurales to Punish Slayers. BELLIN, June 2.—(By A. P. Night Wire.) News was received here today of the murder of Hugo Beel, a German, at San Miguel, Durango province, Mexico. At the request of the German legation the Mexican government has dispatched rurales to the scene of the crime to rescue Beel's family and punish his murderers.

Yaqul Army to Aid Federals. NOGALES (Sonora, Mex.), June 2.—(By A. P. Night Wire.) Four hundred volunteer Federals, including 200 Yaquis, left here today with thirty-four regulars to join the army of Gen. Huerta at the Chihuahua State line. The column was commanded by Col. Cambera, chief of military affairs at Nogales. — Viva Governor Gayon, of Sonora.

Burying a King of Denmark.

The Times herewith publishes the first photographs received in America depicting scenes attending the funeral in Copenhagen of King Frederick VIII of Denmark. Many royal personages were present at the funeral of the monarch, whose death alone in Hamburg was peculiarly pathetic, he having passed away unrecognized in a street while taking a stroll alone after dinner.

Two slashes at his throat.

FRESNO MAN IN RAGE ATTEMPTS SELF-DESTRUCTION.

Saw His Wife Speak to a Man on the Street and After Accusing Her of Making a "Deal" He Packs Grip and Goes the Knife, Ending Up Eventually in Jail.

(BY DIRECT WIRE TO THE TIMES.) FRESNO, June 2.—[Exclusive Dispatch.] Jealous because his wife had been seen talking to a man on the street, a Fresno man today attempted to commit suicide by cutting his own throat with a knife.

The above point, which favors the government's case, involving 115,000 acres, will not apply to the proposed suit involving 115,000 acres, inasmuch as the patents on these lands and all of the rest of the Southern Pacific oil lands were issued over seven years ago and are incontestable under the terms of the patent law.

As a prominent banker for the Harriman system expressed it: "Let the government file its suit. If it gives the government any pleasure, it gives us no pain."

## GOVERNOR IS LEADING

(Continued from First Page.)

WELCOME ASSURED.

When Mayor R. J. Taupert of Las Vegas met The Times Ocean-to-Ocean car forty miles from this city on the high plateau, its welcome to the city was assured. This welcome was made doubly certain when a cavalcade of automobiles escorted us into Las Vegas. We were agreeably surprised to learn that the transcontinental highway was of such importance that it overshadowed the news of what is doing in the Jack Johnson of Jim Flynn camps.

The meeting tonight was an echo of the big gathering held in Santa Fe, which has proved to be one of the biggest news events of the year. The Times organizing car had received on the trip from Los Angeles. The sentiment in favor of the highway from the Pacific to the Atlantic was voiced by 1000 people of Las Vegas, who declared in favor of a tourable route across New Mexico.

The question of Federal aid for the forest reserve and for the Indian reservations is one of the most important to the people of Arizona and New Mexico. A united effort is to be made to bring this matter before Congress this year and the leading men of these two baby States are to form delegations which should number thousands and these men are pledged to keep up the good work already started by The Times organizing car and its crew. From Yuma to Las Vegas we have found State Senators, Representatives, lawyers, merchants and business men ready to take a hand in a campaign already started and the work which was begun on this tour is to be carried to what looks like a successful finish.

TEN THOUSAND AUTO PARTIES. Ten thousand automobiles are to make the trip across the continent in 1916, according to the estimate made by National Organizer Potter at the meeting here tonight. Other speakers agreed that this estimate is conservative. The road of New Mexico are to be put in shape at once. The action of the State Senate and House of Representatives of this State on its good roads bill makes this a fact.

A precedent has been pushed aside. Action that has no mode of former procedure as a model has made the good roads question in New Mexico a paramount issue.

We were told by some that we would find every one in Las Vegas joining in the good roads fight. Instead, we found hundreds of business men flocking to a meeting where Dell M. Potter talked of nothing but good roads and a transcontinental highway, which must be in shape by 1916.

Another prophecy was made that as we began to get farther from Los Angeles we would find the interest in good roads increasing. Another surprise. New Mexico has done herself proud. She has given us already almost as many members as the National Highway Association as Arizona, and that new State exceeded Southern California. We now have a National Highway Association in the large crowd tonight, that the national highway across the Santa Fe trail is no longer a dream.

ALONG THE OLD TRAIL. The Times car has traveled every foot of the old Santa Fe trail, from Santa Fe here. It left the monument that marks the end of the historic highway over which the Spanish schooners traveled and we have crossed sixty-two miles of good roads at this city. Tomorrow after moment erected by the Daughters of the American Revolution pointed the way for us. Our track is now far easier.

In a telegram from President Low of the National Old Trails Association, the party is assured a warm welcome in Colorado and Kansas. Our route has been plainly marked and we have been assured a warm welcome in Colorado and Kansas. Our route has been plainly marked and we have been assured a warm welcome in Colorado and Kansas.

MAIL ON THE  
PACIFIC OCEAN.New Postal Route Will Re-  
store Flag to Service.Will Be Quickest Route from  
London to Australia.First Ship Sails Next Month  
from San Francisco.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
WASHINGTON, June 3.—The American flag was restored today to the postal service on the Pacific Ocean when Postmaster-General Hitchcock accepted the proposal of the Oceanic Steamship Company for carrying the mails from San Francisco to Australia. Since 1907 no American ship has carried United States mail to Australia.

The contract stipulates that trips shall be made direct from San Francisco with calls at Pago Pago, running every twenty-eight days. It is provided that the trip from San Francisco to Sydney shall be made in twenty days.

**THE QUICK SERVICE.**  
[By Federal (Wireless) Line to the Times.]  
SAN FRANCISCO, June 3.—The new Oceanic service is to be inaugurated July 2, when the rebuilt Sonoma will clear for the South Seas. Twenty-eight days later the Ventura, likewise rebuilt and fitted with every modern convenience, will begin the second trip.

Speaking of the mail contract and the service to be given by the Oceanic liners, F. E. Russell of the Oceanic company said today:

"The new route via San Francisco will be the quickest mail route between London and Sydney, requiring only thirty days, as against thirty-six days by the Vancouver route, or thirty-two days via the Suez Canal and rail between Brindisi and London. As travel usually follows the quickest mail line, we will again enjoy the benefits of the tourist patronage."

The law provides that the vessels employed in this service must serve only thirty days, as against thirty-six days by the Vancouver route, or thirty-two days via the Suez Canal and rail between Brindisi and London. As travel usually follows the quickest mail line, we will again enjoy the benefits of the tourist patronage."

**TOUCHES FINEST PORT.**  
"Pago Pago, which is a naval station owned by the government on the island of Tutuila, Samoa, has an American and native population of over 6000. It is the finest port in the South Pacific, and as a naval base its importance will be greatly magnified by the completion of the Panama Canal."

"It is of interest to note that the vessels employed under this mail contract will be the only American ships engaged in trade south of the equator. For six years the American flag has been unknown in the ports of Australia, except on visiting warships."

GREEKS IN THE I. W. W.  
DENIED CITIZENSHIP.

[BY DIRECT WIRE TO THE TIMES.]

HOQUIAM (Wash.) June 3.—[Exclusive Dispatch.] Judge Mason Irwin today refused to issue citizenship papers to two Greeks, who have become members of the I. W. W. The witnesses who had vouched for the two foreigners appeared and repudiated their statements, stating that the men had joined the I. W. W. Judge Irwin is the judge who upheld the officials in closing the meeting places of the I. W. W. in Aberdeen and said that any organization preaching sedition and lawlessness was an outlaw and not entitled to recognition. He maintained that any law used by the I. W. W. for a meeting place could be dissolved by the city officers.

**SOCIALIST PROTEST.**  
IMPEACHMENT THREATS.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
WASHINGTON, June 3.—Acting by order of the Socialist party, Representative Berger of Wisconsin, the only Socialist in Congress, lodged a vigorous protest with Attorney-General Wickersham today against the action of Judge Hanford, in Seattle, in depriving Leonard Olson of his citizenship rights because the latter "wanted to change the Constitution." Representative Berger let it be known that he had filed affidavits with the United States marshal at Seattle, asking that the men be allowed to remain in the country and make the basis of an attempt at impeachment proceedings against Judge Hanford, unless the Department of Justice acts promptly.

**COUNSEL ENGAGED.**

[BY A. P. NIGHT WIRE TO THE TIMES.]  
SEATTLE (Wash.) June 3.—Representatives of the Socialist party here say that testimony relative to Judge Hanford's ruling has been sent to the Socialist National Committee as a result of his decision revoking the citizenship papers of Leonard Olson. Olson is not a member of the Socialist party, but of the Socialist labor party. He is employed in a sawmill in Tacoma, and his counsel has also engaged counsel to appeal from Judge Hanford's decision.

**NAUTICAL.**

CALIFORNIA HONOR MEN  
IN THE NAVAL ACADEMY.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

ANNAPOLIS (Md.) June 3.—[Special Dispatch.] Three Californians will figure in the forefront of the graduation exercises for America's future admirals. The Golden State made in honors won. This year the California members of the first and second classes maintained the athletic honors. Again in scholarship, baseball and in every manly exercise the men from the West proved their prowess.

There will be brilliant scenes within the hall of the Naval Academy and on the parade grounds when Midshipmen John Pierce Bowdoin, Roscoe Lee Martin and Stephen Boutwell Robinson take their places for the last time in the senior ranks of the column of cadets, to receive their first commissions.

Since he entered the academy in October, 1907, Midshipman Bowdoin has been one of the most popular men in Annapolis, starting as a nautical student, giving a fine account of himself with pistol and foil and learning readily all the rules of marine warfare taught here. Bowdoin promises to make a distinguished officer. He has been a social leader and took charge of many of the hops

## WOMEN ON PARADE.

One from San Diego Joins the Pro-  
cession of Suffragettes in Washing-  
ton, Del.

[By Federal (Wireless) Line to the Times.]  
WASHINGTON (Del.) June 3.—[Special Dispatch.] The colonists at Arden, Del., a single tax settlement, made famous by the adventures of Upton Sinclair, have gone in for woman suffrage.

One hundred women, wearing yellow sashes, bearing the insignia, "Vote for Women," paraded at the Colony. The paraders were from New York, Philadelphia and Newport, Del.

Miss Evelyn Ackworth of San Diego, Cal., was one of the paraders. Many of the suffragettes in line carried banners reading, "Taxation without representation is tyranny," and "The hand that makes the ballot rules the world."

**TEN "DON'TS" FOR WIVES.**

Rochester, N. Y. (Special Dispatch.) The pastor of a Cleveland Church says girls should marry only for love.

[By Federal (Wireless) Line to the Times.]  
CLEVELAND (O.) June 3.—W. W. Furland, Rochester's pastor of the Euclid Avenue Baptist Church, last night gave ten don'ts for wives: "Don't marry a man for a living, but love."

"Don't tell your troubles to your neighbors. They have enough of their own. Fight it out with your husband if it takes all summer."

"Don't say the saloon-keeper is always glad to welcome your husband with a smile."

"Don't try to get more out of a looking-glass than you put into it."

"Don't make gamblers and drunkards out of your children by running a wild party for prizes and serving punch with a stick in it."

"Don't raise the conductor about the age of your child. Honesty is worth more to you and him than a nickel."

**FLAG DAY IN PORTLAND.**

Five Thousand Children Will Each Carry an American Banner in a Street Parade.

[By Direct Wire to the Times.]  
PORTLAND, June 3.—[Exclusive Dispatch.] Five thousand flags will be carried by children of Portland on Flag Day, June 14. An impressive street ceremony will be held in which the national colors are to be honored and an evening service will be conducted at which the best speakers and musicians of Portland will aid in quickening popular appreciation of the flag.

The project for a general observance of the occasion has been inaugurated by the schools and commercial organizations. It was launched by the United Spanish War Veterans, which in sufficient for the round trip when replenished at Honolulu.

**TOUCHES FINEST PORT.**

CABIN HOME OF  
POET DEDICATED.JOAQUIN MILLER'S LOG HOUSE  
IS DISTRICT'S PROPERTY.

Homey Structure Where Singer of Sierras Was Domesticated While in National Capital Is Transferred to Authorities by the California State Association.

[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, June 3.—[Exclusive Dispatch.] Hidden among shrubbery and shade trees of Rock Creek Park, surrounded by that ruggedness for which his heart always yearned, the quaint little cabin which served as the home of Joaquin Miller during his stay in Washington, was yesterday formally dedicated to the District of Columbia.

The California State Association, which had charge of moving the structure from its original site, on the place of Henry White, to its present location in Rock Creek Park, had charge of the exercises. Michael O'Donohue, president of the society, presided.

Many tributes were paid to the genius of Miller. "Like Edgar Allan Poe, his greatness will not be appreciated until his death. Then his name will grow and he will go down in history as one of the greatest literary lights the world has ever known," said Congressman Julius Kahn.

Following the address of Congressman Kahn, John Phillips Meakin recited "Columbus" or "Ball on Sail." Congressman Knowland spoke, telling of the great literary lights who have at times lived in California, naming Mark Twain, Bret Harte, Frank Norris, Edwin Markham and Gertrude Atherton. He placed Joaquin Miller among the world's great poets.

Col. John P. Irish spoke eloquently of the work of the "Poet of the Sierras." A special poem, "My Log Cabin Lore," was written by Mr. Miller to be recited at the dedication of his cabin. Fred E. Woodward recited it as follows:

"Dear loyal lovers, neighbors mine,  
Of California, Washington  
What word of mine, or deed or sign  
Can compensate what ye have done.

This housing in your hearts my home,  
My lowly, old log cabin home,  
Aye, dear the friends and memories  
Of London, Dresden, Storied Rome,  
The Arctic, the antipodes  
But dearer far than all of these,  
Your holding of my hearth and home.

My lordly, kingly cabin home,  
Yes, many hands have been most fair;  
Yes, many trumps of fate and faith,  
Mingled in the flag have become  
And there,  
That said as only true love saith,  
But nothing ever seemed so dear,  
As this, your brave log cabin cheer.

The Association Will Debate in Atlantic City the Proposal of a Health Department.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
ATLANTIC CITY (N. J.) June 3.—One of the principal subjects to come up at the annual meeting of the American Medical Association here tomorrow will be the proposed department of health in the Federal government, with a seat in the Cabinet for the health.

Hundreds of physicians of the United States, with a representative delegation from Europe, already are here for preliminary meetings.

CONSTIPATION

**COST OF LIVING IN JUNE.**  
Higher than at any time in History of America Except During the Civil War.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
NEW YORK, June 3.—It costs more to live in this month of June, 1912, than ever before in the history of the United States, except perhaps during war time. Prices today are on the average nearly 10 per cent. higher than a year ago, according to trade authorities.

Food products are the highest on record. Meat, eggs, butter, fish, potatoes, coffee, tea, sugar, salt, molasses, rice, beans and peas average 23 per cent. higher; wheat, corn, oats, barley, flour, etc., 33 per cent. higher.

Fruits are the only things good to eat that have grown cheaper in the last twelve months, but they still are higher than in 1910. Leather products cost 12 per cent. and chemicals and drugs 13 per cent. more than a year ago. Textile goods, however, are a trifle cheaper.

The average increase in food products is nearly 20 per cent. The biggest advances have been in meat prices; beef, 26 per cent.; hog products, 40 per cent., and mutton, over 50 per cent.

Dealers lay the increase to last year's hay crop, which was poor, and the general high cost of provisions. Poor crops are also held responsible for dearer breadstuffs.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

### MORNING PAPER TO BE PRINTED.

#### Pasadena Is to Leap Into Cosmopolitan Class.

#### Crown City Business Men Interested in Proposition.

#### Committee Named to Conduct the Bond Campaign.

**PASADENA, June 3.**—A report was current in the city yesterday that a morning newspaper is soon to be established. The name of F. B. Cole of No. 269 South El Molino avenue was mentioned as one of those interested. "I have heard of something of the kind last night," but there is nothing definite as yet, and I am not in a position now to say anything.

Report has it that a number of Pasadena business men are behind the project, but as to this Cole would not say last night.

#### CITY WILL AID.

The City Commissioners endorsed the plan that has been made by the National Knights of the Ku Klux Klan for a Fourth of July celebration. A proposition was made to provide for a band throughout the day. It will play at Carnation, playgrounds, in the morning and at Tournament Park afternoon and evening.

Following a report previously made by A. T. Hansen and E. G. Fraser, who comprise the City Advisory Committee on Street Tree Planting, Superintendent of Parks and Streets Albrecht yesterday submitted a vigorous letter to the commissioners. He wrote in part:

"May I point out that Mr. Hansen, since his appointment, has done very little but criticize the management and care of the street trees. He has written with I submit, little or no reason for such criticism.

"With respect to what Mr. Hansen calls the 'butcher's tree,' may suggest that in the vast majority of cases where rather drastic measures have been taken, the results almost always justified the treatment given, and even in cases of old trees which were such mischiefs and greatly in need of care years before the city took over the care of street trees, our efforts to bring them into a semblance of beauty and order have been attended with remarkable success."

Superintendent Albrecht said further that a suggestion of Hansen that paper trees be planted on Orange Grove avenue is impractical.

Action in the matter was deferred by the commissioners until next week.

The report of Chief of Police Wood for the month of May last shows that twenty-eight arrests were made during the month. The golden rule was applied in twenty-nine cases.

Contrasts to supply the city with 3200 feet of garden hose were let yesterday by the commission. Bids of the Enterprise Hardware Company for 1300 feet and the Pacific Hardware Company for 1000 feet, at 16 cents per foot, were accepted.

#### COMMITTEE IS APPOINTED.

The committee of fifteen which is to be the nucleus of a larger committee of 100 members, which will manage the campaign for water bonds, to be voted on at a special election, June 27, was appointed by Dr. Solon Briggs yesterday. The names of two women appear on the list. They are Mrs. A. L. Hamilton and Mrs. Calvin Hartwell. The other members of the committee, besides Dr. Briggs, are J. B. Coulson, M. E. Wood, C. B. Burger, W. W. Ogier, J. M. Harvey, R. B. Bell, Harry C. Hoesegren, C. F. McCallister, F. J. Patton, Fred Elmer Wilson, F. S. Wallace and R. B. Allen.

The committee held a meeting at 11 o'clock at the Board of Trade rooms to organize.

#### BEEF SWARM ON STREET.

Bees began to swarm on a telephone pole on East Colorado street between Fair Oaks and Raymond avenues yesterday afternoon, and continued to be the chief interest there throughout the day. Many pedestrians took the opposite side of the street rather than make being stung, while others walked boldly past and were not hurt. About the only person that was stung seriously was a boy who reached the pole in an effort to place a box at the top, hoping thus to capture the bees. His was unsuccessful.

#### IS REPAIRING AIRPLANE.

Edward Barnhart of No. 467 Waldo avenue, the boy who built the airplane in which Aviator Frank Ellis was killed at Long Beach last Sunday, is now at work repairing the aerial machine. He expects to have it ready for shipment to Mexico tomorrow night. There being, despite his injuries, has determined to give two exhibition flights, next Saturday and Sunday.

#### CITY BRIEFS.

The Pasadena Humane Society, which has been ordered by the city to vacate its quarters in the City Hall that the room it occupies may be used by the Police Department to keep a fingerprint record in, rather than make its offices on the second floor of the State building, No. 73 North Fair Oaks avenue. The move will be made this week.

Mr. and Mrs. William W. Spinks, who live at the Maryland Hotel, returned home yesterday from Baltimore, Md., where they visited for several weeks.

John F. Godfrey Post, Grand Army of the Republic, will hold a special meeting at O.A.R. Hall at 3 o'clock this afternoon.

Miss Maryne Smith, who for nearly two years has been assistant secretary of the Pasadena Young Women's Christian Association, left yesterday for Fort Collins, Colo., her former home. She expects to go to New York in September to enter the association's national training school.

Dr. D. B. Tower, of No. 518 Lincoln avenue, who is secretary of the Committee on Arrangements, has been chosen for the fourth annual reunion of the descendants of John Tower, to be held in Detroit, Mich., June 7.

The Pasadena Board of Trade has been invited to send representatives to the celebration to be held the 7th, 8th and 9th of June, to mark the completion of the St. Thomas branch of the Salt Lake Railroad.

Miss Jean Loomis, who has taught for several of the public schools of the

city, expects to leave next November for Peking, China, as a missionary of the Methodist Church.

Mayor Thum yesterday subscribed \$10 to the Pasadena Relief Association. Approximately \$3500 is now on hand.

Three hundred members of the Pasadena Young Men's Christian Association are practicing for a gymnastic exhibition, to be given at the association building next Friday night, as a benefit for the boys' summer camp fund.

Petitions will probably be presented to the Board of Public Works urging that a large amount of street improvement work be done in the eastern part of the city.

CHAD YEAR IS ENDED.

Pomona Women Give Picnic Luncheon in Ganesha Park and Hear Famous Interesting Numbers.

**POMONA, June 3.**—The Pomona Club held the last meeting for this year at Ganesha Park this afternoon, following a picnic luncheon which was served at noon. The newly elected officers were installed as follows: Mrs. Edith J. Wood, president; Mrs. K. H. Cleaver, vice-president; Mrs. J. E. Owen, secretary; Mrs. Carl Fritz, treasurer. A book review was given by Miss Harriet Pratt and Mrs. E. T. Robinson and Mrs. Mel Campbell, the retiring secretary, gave an interesting resume of the work of the year.

#### PIANO RECITAL.

A number of Pomona people attended the song and piano recital given at Holmes Hall, Claremont, on Saturday evening by Miss Florence Ada Dillon and her sister, Miss Fannie Dillon, daughters of the late Judge Henry C. Dillon of Los Angeles. Miss Florence Dillon some years ago was a student in the Pomona College School of Music and has since that time been studying voice in Italy, becoming a diva in grand opera. She has a splendid, thoroughly trained dramatic soprano voice of much volume and was enthusiastically received by the audience. Her sister, Miss Fannie Dillon, is a member of the faculty of the School of Music at Pomona College, teaching piano and harmony. She is gaining wide reputation as a composer and all of the numbers on the excellent programme played by her were her own compositions. Miss Bea Daniels was the accompanist of the evening.

#### ADORATION OF SACRAMENT.

The forty hours adoration of the sacrament commenced at St. Joseph's Catholic Church here yesterday afternoon with high mass for the children of the Adoration of the Holy Names taking part in the procession, under the direction of the sisters of the academy. In the evening Rev. P. J. O'Reilly of St. Patrick's Church, Los Angeles, preached the sermon and tonight Rev. M. Scanlon conducted the prayer and heard confessions in German, French and English. Rev. Father Connolly of St. Joseph's Church has long been the chief of the service, and yesterday he addressed the local Knights of Columbus upon the subject "Practical Catholicism as Manifested in the Life of a True Knight of Columbus."

#### NEWS BRIEFS.

City Building Inspector Lyman W. Cowles announces in his monthly report to the City Council that the report on the building department for the month of May amounted to \$15,900, the highest record to be made in any month of May in the history of the city. During the last seven days of the month permits aggregating \$38,315 were taken up by builders.

Pomona College set aside for Big Gatherings the Only Outdoor Theater South of Berkeley.

**WHITTIER, June 3.**—The dedication of the amphitheater meant much to Whittier College, for the local institution is the only college, south of Berkeley, that can boast of an outdoor theater. Surrounded by thick groves of pines, eucalyptus and maples, the theater has an ideal location. It will have a seating capacity of about two thousand, but this can be increased to meet demands up to six thousand. The stage is about 35 feet in dimension and the entire theater will be lighted by electricity.

The dedication was in charge of President Atwell and other addresses were made by Frank Critas for the senior class, Jess Stanfield of the Junior class, and Mrs. E. C. Bichowsky of the Woman's Auxiliary, who furnished a large amount of money for the building of the bridge and other work in this part of the valley and near the San Gabriel Mission in the early days of California, has been written by Mrs. von Bichowsky.

Mr. von Bichowsky has won this year a fellowship in chemistry at Harvard for his fine work done in that department here. Coach W. Layton Stanton is directing the play and the new theater in Blanchard Park will be particularly colorful in time of the care of the throngs at commencement.

Frank Miller of the Glenwood Mission, at Riverside, has been invited to support to the class of 1913 in staging the play and will lend many of his old mission properties to secure the proper scenic effect.

On Saturday night from 8 to 10 p.m. will occur the reception in honor of the seniors, given by President and Mrs. Thomas Newlin at their home, No. 301 South Washington avenue, to which more than 150 invitations have been issued.

Sunday afternoon at 4 p.m. the Rev. A. J. Weaver, pastor of First Friends' Church of Berkeley, Cal., will deliver the baccalaureate sermon at the Friends Church in Los Angeles. Announcement of this will be made from all the pulpits in the city.

Senior class day on the college campus Monday at 2 p.m. and at 8 p.m. the class play in the new amphitheater.

Tuesday at 2 p.m. the academy graduation exercises in the auditorium. At 7 p.m. the "senior sing" on the college campus and at 8 p.m. the "Messiah" in oratorio by the Choral Society in the college auditorium.

The Rev. J. Whitcomb Brougher of Temple Baptist Church in Los Angeles will deliver the baccalaureate address at the commencement exercises, which will be held at 10:30 Wednesday morning in the new amphitheater. The fellow who was followed by a banquet at noon. About 200 invitations will be issued for the alumni banquet to be given Thursday evening at 8 p.m.

"Hotel del Coronado" leads all.

MAN CLAIMS TO BE AN I. W. W.

Found in Drunken Stupor Under a House at Venice—He Asks for Trial Before Woman Jury.

**VENICE, June 3.**—A man who is known as Dee, was discovered this afternoon in a drunken stupor, lying beneath a residence. He was located by the police, who pulled him out and landed him in the police tank. Here he displayed evidence of a deranged mind, claiming that he was a member of the I. W. W. Between curses and maudlin utterances he demanded that he be given trial by a jury of women. The fellow was promptly taken to the police station, where a condition approaching sobriety.

### FOOT MANGLED BY AN ENGINE.

#### Long Beach Worker Caught in Revolving Wheels.

#### Surgeons Find It Necessary to Amputate Limb.

#### City Auditor Embarrassed by Depletion of Funds.

**LONG BEACH, June 3.**—His foot badly mangled by being caught in a donkey engine, S. H. Smith, an employee of the Western Hardware Lumber Company, was rushed to a local hospital, where it was found necessary to amputate the limb.

Smith, who is 34 years of age and married, was starting a donkey engine at the plant when the accident occurred. He placed one foot on a wheel spoke and turned it over so far that the spoke caught and the engine suddenly started. The wheel caught his foot and held it as the connecting rod struck against his leg, breaking the bone and mangle the limb frightfully. A companion stopped the engine. It was found necessary to amputate the foot just above the heel, though it may be necessary to further amputate the injured member.

#### VARIOUS FUNDS SHORT.

City officials are preparing estimates for the budget of the next fiscal year, which begins July 1, and some of them are being embarrassed with the knowledge that they will have to allow for an overdraft on some of the funds, which will be short at the end of the year.

The City Auditor is also having his troubles over the matter. He has ordered that the street fund levy last year be reduced to \$117,000. The B.P.W. wanted \$125,000 and the City Auditor is now having to make up the difference of \$8,000, and at the expense of what fund.

The budget for the year 1912-1913, which is \$1,151, as the Auditor is now budgeting at the probable revenue.

#### INSPECT THE PLANT.

Delegates of the National Electric Light Association came down to Los Angeles today on a special Salt Lake train, and were guests at luncheon at Hotel Virginia of the Edison company. At 2 o'clock they were taken to the harbor and inspected the big Edison power plant and the water works.

The annual dinner dance of the faculty and alumni of the College of Physicians and Surgeons of Los Angeles will be held at Hotel Virginia, 13 at Hotel Virginia, about one hundred will attend with their ladies.

The El Navarro Club of Los Angeles will give its annual dinner and dance at Hotel Virginia. Plates have been reserved for 300.

Within a few minutes after Earl Watkins reported to the police that he had been hit by a car, the police had David Bassett, aged 18, under arrest and a confession secured from him that he had been driving a reckless automobile during the night.

Three Seattle brothers, anxious to make flights to California, have a parachute jumper, have asked the Pike Association for letters either before or after the opening of the summer season, or on July 4. The jumper will be used to drop the parachute and the parachute will be used to drop the parachute.

The advance guard of the Virginia trophy cup in the Country Club golf tournament has narrowed down to H. L. Enloe and J. C. Cranley, aged 17, who are the matter in a four-time match around the nine-hole course during the latter part of the week.

The fellow who was followed by a banquet at noon. About 200 invitations will be issued for the alumni banquet to be given Thursday evening at 8 p.m.

"Hotel del Coronado" leads all.

MAN CLAIMS TO BE AN I. W. W.

Found in Drunken Stupor Under a House at Venice—He Asks for Trial Before Woman Jury.

**VENICE, June 3.**—A man who is known as Dee, was discovered this afternoon in a drunken stupor, lying beneath a residence. He was located by the police, who pulled him out and landed him in the police tank. Here he displayed evidence of a deranged mind, claiming that he was a member of the I. W. W. Between curses and maudlin utterances he demanded that he be given trial by a jury of women. The fellow was promptly taken to the police station, where a condition approaching sobriety.

#### INTERNAL HEMORRHOGE.

An autopsy performed this morning revealed the fact that the death of John B. Evans, who passed away suddenly at an early hour Sunday morning, was from internal hemorrhage of the heart. The funeral will be conducted at 3 o'clock Tuesday afternoon at the residence of the deceased in Woodlawn cemetery.

#### HARDING RELEASED.

C. W. Harding was examined before Police Judge Carrillo today and released. He had been charged with firing a shot into the breast of Patrolman Robert Ward. Harding had returned home early one morning and was in the house at 11 o'clock, when Ward was beaten before being shot. Ward was not on duty when the affair occurred, but was promptly relieved of his police star.

#### CLOSE OF SCHOOL.

The High School commencement programme has been drafted. Class exercises will be held at 10 o'clock the exercises held in the Majestic Theater. The commencement proper will take place in the auditorium of the new High School building. Salutatory will be by Harold Briggs and the valedictory by Miss Elizabeth Throppe. The Throppe Institute will deliver the address to the class.

June is glorious at Coronado Beach.

#### WEARIED BY INACTION.

Glendale Citizens Ask Private Concern to Build a Railroad to Furnish Adequate Local Service.

**GLENDAL, June 3.**—Having wearied of the inaction of the Pacific Electric Railway Company in running its proposed line from Tropic to Glendale avenue to Verdugo Park, thereby furnishing the eastern section of this city with service, and feeling that they should have a railroad which would give them rapid and frequent service to Los Angeles, people are asking E. D. Goode, the railroad builder of the valley, to build a line from the corner of Broadway and Glendale avenue south to Verdugo Park, and a branch line to Verdugo Park, thereby furnishing the eastern section of this city with service, and feeling that they should have a railroad which would give them rapid and frequent service to Los Angeles, people are asking E. D. Goode, the railroad builder of the valley, to build a line from the corner of Broadway and Glendale avenue south to Verdugo Park, and a branch line to Verdugo Park, thereby furnishing the eastern section of this city with service, and feeling that they should have a railroad which would give them rapid and frequent service to Los Angeles, people are asking E. Third and Hill Sts.  
Smart and Exclusive Effects—at \$15.

**DEATH TAKES A STATE SENATOR.**  
Hon. Edward Miller Stricken With Apoplexy Here.  
Oil Man's End Heavy Loss to Democracy.  
Clark Delegate; Long Leader in Party Politics.  
Hon. Edward O. Miller, wealthy oil man of Visalia, State Senator from Kern, Tulare and Kings counties, Clark Presidential delegate to the Baltimore convention this year, and one of the leading Democrats of the oil belt, died at the Angeles Hospital yesterday morning as the result of a stroke of apoplexy.  
He came to Los Angeles with his wife two weeks ago, and became a patient at a local bath, where he was suddenly stricken Sunday morning. He never regained consciousness sufficiently to recognize his family at the bedside, and passed away shortly after 1 o'clock a.m.  
Senator Miller, or "Ed" Miller, as he was called upon being called by his friends, had been a prominent figure in the public life of the State ever since the lure of politics induced him to accept the nomination for State Surveyor-General at the age of 21. As a State Senator he was perhaps best known as the author of the reciprocal demerage bill.  
He was essentially a self-made man. He was born in Visalia November 23, 1861, and at the age of 18 the entire burden of family support fell upon his shoulders. He adopted the law as his profession, and attained celebrity in his vocation, specializing first as a land attorney in later years in the criminal branch. He had defended many notable cases in recent years and was said of him that he never lost a penal case.  
He was appointed under President Cleveland to be Land Commissioner in position he held for a long term of years, retiring at the conclusion of

Hon. Edward O. Miller, State Senator from Tulare, Kern and Kings counties, wealthy oil man of Visalia, Clark Presidential delegate to the Baltimore convention and one of the leading Democrats of the oil belt, who died at the Angeles Hospital following a stroke of apoplexy yesterday.

**Taft Merits Re-Election.**  
Vice-President of Great Lake Mills Says Roosevelt's Unfair Tactics Will Defeat His Own Purpose.  
That President Taft deserves another term and that his re-election would give a merited rebuke to the radicalism and lack of fair treatment on the part of Col. Roosevelt, is the opinion expressed last night by W. B. Smith, vice-president of the Chester Lake Mills of Chester, Pa., who is at the Angeles several days before returning East.  
"That an ex-President of the United States, once so highly respected, should degenerate into a demagogue of a low type, exhibiting the manners of a cowboy and using the language of a prizefighter, is not only a disgrace, but a misfortune of immeasurable dimensions," said Smith last night, discussing the campaign for nomination.  
"It is a sad and thing to have one's idea shattered, and nothing is more calamitous for the young men of the nation than for leaders once great and honored, to trail their standards in the dust."  
"Roosevelt commenced the mud-slinging and Taft, in order to protect himself from the unwarranted attacks of his former friend, was forced to take the stump and defend himself. Taft is a wise and dignified gentleman and one of the greatest Presidents this country ever had, but he is a poor politician and knows little about the practical angles of the game. If Roosevelt is nominated, and nothing is more overwhelmingly defeated by Wilson, Bryan or Clark."  
The Chester Lake Mills ranks second in the United States.

**RESIGNS FROM COMMISSION.**  
Member Davidson of Public Service Board Finds No Harmony.  
A. N. Davidson, a member of the Public Service Commission, sent his resignation to Mayor Alexander last Thursday by mail and up to date has heard nothing from it.  
"I discovered," said Davidson last night, "that I couldn't work in harmony with the rest of the board. They wouldn't work my way, and as I couldn't work their way I thought there was no use in wasting my time there any longer. I sent my resignation to the Mayor, because I thought he was the proper person to have it first, but as I have heard nothing about it I think it proper to give it to the public."  
Davidson served one and a half years on the Police Commission under Mayor Alexander, and when he learned that the commission was to be reduced to three, he asked to be relieved. Later he consented to take a place on the Public Service Commission, which he has also filled for one and a half years, with distinction to himself and to the administration of the affairs of the water department.  
The remaining members of the Public Service Commission are Henderson, Graham, Wellborn and Del Valle.

**UNSCATHED BY HOT CROSSFIRE.**  
Rogers Fails to Discredit Franklin's Story.  
Latter Has Best of It After Fierce Grilling.  
But Examination Will Be on Again Today.  
After five hours under the cross-examination of Rogers, chief counsel for the Darrow defense, Bert H. Franklin, the prosecution's main witness, remained unshaken except in minor details, yesterday. The cross-examination was incomplete at adjournment. Franklin was on his mettle. He had doubtless been told of the merciless and scorching examination in store for him and was braced to meet it.  
In more than one instance Franklin proved a match for Rogers in an interchange of some acid pleasantries, and was able to introduce additional testimony as to the alleged acts of his employer in planning the bribery of McNamara jurors already confessed by the witness. Franklin did not try to spare himself. He cheerfully admitted he was a willing juror-briber, that he had narrowly escaped going to the penitentiary and that he was willing to cast the blame upon George N. Lockwood when the latter, in his judgment, had played him false.  
**FRANK FOWLER.**  
Frank Fowler appeared at the opening of court and asked to make a statement explaining a passing reference to him in the testimony of Franklin. The court in reply said that he could not receive any such statement during the progress of the Darrow trial.  
"I desire to make a statement as to what occurred in this courtroom last Friday," said Fowler, advancing to a position close to the bench. "I have been a member of this bar for many years and have long lived in this community. In justice to myself, I think I should be afforded the opportunity of correcting certain statements well known to your honor."  
"This is not a proper time or place for any statement," replied Judge Fulton. "I sent you a copy of the transcript containing certain indirect reference to you and at the proper time and place you can take such action as seems best to you."  
The court, at the request of the District Attorney, instructed the jury to disregard any extraneous matters or statements made in the courtroom.  
**FRANKLIN ON STAND.**  
As soon as Franklin took the witness stand for cross-examination, Rogers pointed a finger at him and said somewhat forcibly:  
"In the presence of Mr. Fowler, the clerk of Justice Sumnerfield's court, Deputy Sheriff Walter Lips and others did you say that you would not believe E. Krueger under oath in any case where his interests were at stake, or words to that effect?"  
When further questions along this line were pressed, Capt. Fredericks objected to their relevancy. He said there was nothing in the record to show whether the witness believed or disbelieved statements made by Krueger concerning the case of Fowler. The court allowed the series of questions.  
After calling the witness' attention to his direct testimony in which he had said he would have had Lockwood arrested for receiving a bribe had not Darrow appeared to the scene, Rogers asked him if he considered that the way to treat a friend.  
"I was thinking of Darrow and myself," replied Franklin.  
"You were not wearing any craps on your arm for Darrow, were you?" sneered Rogers.  
"I don't think that is a proper question," said the court.  
"Did Ford make any arrangement for you whereby you were to plead guilty to a charge of bribery and be fined \$4000?" asked the cross-examiner, switching to another part of the field.  
"Not to my knowledge," replied Franklin. He declared that while he had no recollection of the exact information about them, the circumstances leading up to the plea and the fine were gone into in great detail, especially as to how the fine was to be paid.  
"Did you have any money in the hands of the District Attorney?" "I cannot answer that question exactly," said the witness. "But if you wish I am more than willing to tell how I got the money. I understood when the case came up that Mr. Ford would recommend a fine, but I could not tell, of course, what the judge would do."  
"Are you now working for the District Attorney?" suddenly asked Rogers.  
"No, sir, and never did," was the answer. This invited a long interchange of arguments as to whether Franklin's employment as deputy sheriff placed him under the District Attorney. In the interchange various statements were made which occasioned the court to repeat the jury-men they were to disregard all side remarks by counsel.  
There followed a number of apparently innocent interrogatories, which were directed to the main idea that Franklin made no attempt to concealment when he went to the homes of Robert F. Bain and Lockwood.  
"Don't you think you left a rather wide trail for a man who was trying to bribe jurors?"  
"Well, I evidently left one," said Franklin with a bitter smile.  
**FRANK ATTACK.**  
Another change of attack led to the scene at the Alexandria on the evening of November 25, when Franklin said he met Darrow and Lincoln Stephens.  
"You had met Mr. Stephens before?" "Once, I think," said Franklin.  
"And knew he was a distinguished editor and writer?"  
"I heard he did some kind of literary work," replied the witness apologetically.

Figures in National Society Event. Miss Florence Hopkins, youngest daughter of Mr. and Mrs. E. W. Hopkins of Menlo Park and a sister of the San Francisco ice king, and J. Cheever Cowdin, crack polo player of the Meadowbrook Country Club and other championship teams, who will be married at the home of the bride tomorrow afternoon. Among the guests will be a party from New York headed by Raymond Belmont and stellar social lights from this city, Coronado and San Francisco.

**POLO ROMANCE ENDS IN ALL-AMERICAN WEDDING.**

**J. CHEEVER COWDIN**, crack polo player of California and the United States, will wed Miss Florence Hopkins, youngest daughter of Mr. and Mrs. E. W. Hopkins of Menlo Park, tomorrow afternoon. Thereby hangs a pretty romance of the polo field and a diamond match.  
Cowdin, a member of the Meadowbrook Country Club of New York, which holds the world's polo championship, was a substitute on Harry Payne Whitney's champion team. He has played on the Coronado and Pasadena polo teams for the last two years and it was just before a tournament at Coronado two years ago that Cowdin and Miss Hopkins first met. The bride-elect, by the way, is a prominent figure in the world of outdoor sports and is rated high as a polo player and for her ability as a very slow connoisseur, close to Eleanor Sears in her addition to polo.  
Cowdin was playing for Coronado in the finals against Pasadena for the championship of the Coast. The game was hotly contested and honors were even. In a melee in which three or four riders and horses went down, Cowdin was unhorsed. When the dust cleared away he was stretched on the turf unconscious. Miss Hopkins sped from her box to the side lines and was the first to reach his side. He was not seriously injured, but with Miss Hopkins as nurse, he immediately became a very slow connoisseur, close to Eleanor Sears in her addition to polo.  
Miss Hopkins is widely known in social circles of the Coast and is a sister of the San Francisco ice king, Mrs. August Taylor, Mrs. William H. Taylor and Mrs. Frederick McNear of San Francisco are sisters.  
Elaborate arrangements have been made at the country home of the Hopkins at Menlo Park for the wedding ceremony. The latter will be indoors, but the wedding reception and breakfast will be held al fresco. The bridesmaids will be Miss Marion Zelle, Miss Ruth Zelle, Miss Julia Langhorne and Miss Elise Schultze. The honeymoon will be spent in Europe, but the future home of the young couple will be in California.  
The claim for extra work and inspection is not in the contract, and cannot be paid for out of that fund and there is no money with which to pay it at present. It is in exactly the same situation as the claims for making the Presidential primary law, and must wait until next fall, when it will probably be provided for in the County Clerk's fund. It was just a clever trick of the clerk, but it failed in work. Mrs. Morrison was given \$100 yesterday, to await verification of the list, when the balance due her, whatever it may be, will be paid.  
**FIGHTS FOR FREEDOM.**  
Fighting to the last ditch for his freedom, and seemingly in possession of plenty of money to pay his legal expenses, the application for a writ of habeas corpus in behalf of Charles Dean, the alleged New Westminster bank robber, was partially granted before Judge Wellborn, yesterday. Dean had previously been ordered sent to Canada for trial but he appealed to the United States Court, which is to hear the case Monday next. Dean's alleged partner, John McNamara, has been extradited from New York.  
**BURIED ALIVE, THEN RESCUED.**  
Louis Arollo, a Mexican teamster, was buried under an overturned wagon and a load of gravel, yesterday morning, but was rescued by fellow workmen. At the Receiving Hospital, Dr. Carter said Arollo was only faintly bruised unless some original injuries should manifest themselves later.

TUESDAY MORNING.

MEXICAN TAX  
TO BE SMALL.

War Excess on Oil Will Not  
Exceed Three Cents.

Industry in Republic Is to  
Go Ahead.

Great Developments Planned  
on the West Side.

Industries are that the proposed  
tax on oil produced in Mexico will be  
small. (United States  
money) a barrel, whereas it was first  
believed it would be between 15 and  
20 cents a barrel (Mexican money).

With a war tax of not more than 3  
cents a barrel, oil men familiar with  
the Mexican situation say progress of  
the producer will not be hampered.

Advice are that there are a large  
number of contracts on the Atlantic  
Coast for Mexican oil at prices amply  
large to sustain the tax with profit.

One well in the Gulf of Mexico  
producing 3000 barrels a day, and  
with a tax of 3 cents thereon there  
would be earned for the government  
\$90 a day, gold. Another well is  
producing about 1000 barrels. Pipe-  
line construction is now in progress  
and a number of other great wells can  
be opened from time to time as the  
market admits.

The smaller producers are going  
ahead and little disturbance is being  
experienced on account of the pro-  
posed 3 cent tax.

The government itself is a large  
consumer of crude oil, the oil being  
burned on the National Railways.  
Therefore the government will also be  
in a position to pay part of the tax.

Two Take Midway Lease.  
A. B. Canfield and F. A. Fether,  
well known on the West side as su-  
perintendents of successful operating  
companies, have secured the Burke  
lease on section 22, 23-22.

The lease has six wells on it and  
consists of forty acres. Water became  
available in the wells and after 10  
days it met with little success. Can-  
field and Fether, however, say that  
one of the wells is causing all the  
trouble, which they will stop in a  
few days. If unsuccessful they will plug  
the hole and abandon it. They be-  
lieve that with the water supply shut  
off in the formation they can exhaust  
the water exists in the sand and in  
the course of time make the lease  
pay a good profit.

One of them made about \$50  
barrel of oil a day before it went to  
water.

Kern to Drill One.  
A report from McKittick is that  
a second well is to be drilled by the  
Kern Petroleum on section 15, 16-18.  
Work will begin about July 1. Well  
No. 1, which was a disappointment  
by coming in at only twenty-five bar-  
rels, is apparently encouraging  
enough to induce the company to go  
ahead with its second. No. 1 is lo-  
cated on the southwest corner of the  
section and the site for No. 2 will be  
on the northeast corner, almost one  
mile away. Therefore, well No. 1,  
which well No. 1 will prove specific  
bettery.

Associated Well Resumes.  
Associated's well No. 1, section 24,  
11-21, is flowing between 1500 and  
1600 barrels a day. The well is lo-  
cated in the edge of the Buena Vista  
field.

The well came in a gusher some  
time ago and then sanded. At that  
time water came in also, and now the  
well is flowing clear oil, it is said.

Bankline Plans Work.  
The Bankline Company, now operat-  
ing on the Maxwell lease in the North  
Midway, will drill twelve wells. E. T.  
Oyer is the chief stockholder of the  
Bankline and A. B. Canfield is the con-  
tractor who will drill the wells. On  
the lease there has never been water  
produced from the surface to the  
Middie.

Only Small Producer.  
The Union, operating the Bedrock  
property, section 14, 23-22, North  
Midway, has cemented off in well No.  
1 at 1615 feet. No. 1 was drilled to a  
depth of 1600 feet by the former own-  
er, but obtained only a small pro-  
duction. Then the Union sank it to  
about 2100 feet and failed to get any  
more production. The Union then  
drilled and plugged and a test made at  
1610 feet, which showed the well to  
be good for about twenty-five barrels  
a day. Consequently it was shut off.  
If other wells to be drilled on this  
lease prove more profitable it will pay  
to operate No. 1 in conjunction with  
them.

Flows at Times.  
Well No. 1 of the National Pacific  
oil section 12, Midway, which was re-  
cently cleaned out was put on the  
production last week and at times has  
been flowing at the rate of 200 bar-  
rels a day. Stationary the well was re-  
ported to be making less sand than  
usual, with indications favorable for a  
steady production.

Makes Six Hundred Barrels.  
Well No. 2 of the Midway Five  
oil section at the rate of 600 barrels a  
day for three days. It was recently  
drilled and perforated. After flow-  
ing three days, ending Saturday,  
it should soon be on the produc-  
tion list, says the management.

Dr. Dora well No. 1, section 12, 15-  
21, Midway, is reported to be flow-  
ing 500 and 600 barrels a day.  
The Rex Midway, section 8, 21-21,  
Midway, is rising up with standard  
flow in order to cement off bottom  
water.

REPPER FROM DOG BITES.  
A child and a young woman were  
bitten for dog bites at the Receiving  
Hospital yesterday. The victim, Miss  
Helen Wilson, 3 years old, was  
bitten on the left eye. The dog  
went to the Bullock home about  
two weeks ago. Henry took a fancy to  
the family made a pet of it.  
Yesterday the animal became ugly  
and snapped at its little master, Miss  
Lamb of No. 1860 Avon street.  
The dog was chained and he seized her  
by the left foot. The animal's fangs  
went through the woman's shoe and  
into the flesh.

IN A STOLEN AUTOMOBILE.

Wrecked Machine, Taken From Ga-  
rage In This City, Found Aban-  
doned At Venice-Joy Ride.

Thomas Watkins and Roy Pettibone  
were arraigned before Justice  
Young yesterday charged with hav-  
ing broken into the garage of Victor  
Kleinberger at No. 2105 West Twenty-  
second street, and having stolen his  
automobile. Their examinations were  
set for the 11th inst. They were un-  
able to give \$1500 bail each, and  
were remanded to the County Jail.

Constable Woodbury has a warrant  
for George Cox, who is charged with  
having been a third party to the es-  
cape.

Kleinberger found his garage wide  
open Sunday morning and the ma-  
chine and auto tools gone. He reported  
to the police and Sheriff, who  
learned that the machine lay on  
Zepher avenue, Venice, almost a  
week. It is assumed that Watkins,  
Pettibone and Cox after a joy ride  
about Los Angeles Saturday evening,  
drove the machine to Venice, and, in  
a collision with another auto, parti-  
ally wrecked it.

For Dixie.  
IN HONOR OF  
MEN IN GRAY.

SERVICES FOR CONFEDERATE  
DEAD ARE HELD.

Trinity M. E. Church, South, Beau-  
tiful Service of Honor, Placed  
There in Memory of Those Who  
Fell for the Southern Cause.  
Eloquence and Eulogy.

Services for the Confederate dead,  
held at Trinity M. E. Church, South,  
yesterday afternoon at 2 o'clock,  
were attended by a large congrega-  
tion of persons from that other south-  
land known and loved as Dixie.

Burying the chance of a life with  
beauty and flooding the edifice with  
fragrance, lay a glory of roses, red  
and white. With trembling hands a  
woman whose white hair marked her  
identity with the interline storm  
placed her flowers beside their lovely  
slaves as tenderly as she might have  
laid them upon a new-made grave.

Turning to one who stood beside her,  
southern women with their eyes  
"White roses for the purity of their  
intent and red ones for the blood they  
shed, because our boys loved their  
homes more than they loved their  
lives."

In his fine memorial address Dr.  
R. P. Howell, pastor of Trinity  
Church, paid a glowing tribute to the  
southern women with whose heroism  
in the days of the war the world has  
long been familiar.

"They were women," he said, "who  
had been accustomed to the best,  
and who, in the test of war, made  
sacrifices which words cannot ex-  
press. They retained their lofty  
ideals in the poverty which the war  
brought them and were the graces  
of their own wearing. Thus  
clothed by their own handiwork, they  
were beautiful as any queen that  
ever graced a throne."

Dr. Howell eulogized Jefferson Da-  
vis and said that what he had spoken  
of the southern chieftain might be  
said of the rank and file of the men  
who marched under his banner.

"They loved death more than their  
lives in that land of a thousand  
memories," he said. "These soldiers  
represented the flower of a dauntless  
courage and a lofty heroism second  
to none."

Maj. A. F. Judson described the  
death of Stonewall Jackson, Maj.  
Judson, who for several years has  
been a resident of this city, was Jack-  
son's orderly at the time of the south-  
ern tragedy, when his own soldiers  
fired on him by mistake. Judson was  
one of the men who helped Jackson  
dismount. He said he thinks the  
best history of the war is that taken  
from the lips of its survivors and he  
called attention to the fact that one  
soldier was killed for every adult male  
slave liberated.

Mrs. Margaret Worcester Bowen  
sang and Miss Georgia Oldham ren-  
dered a violin solo.  
Members of the Robert E. Lee  
Chapter of the National Daughters of  
the Confederacy, Mrs. H. C. Warden,  
president, were there in large num-  
bers. No. 11 was under the auspices  
of this society that the exercises were  
conducted.

WHERE SWEETNESS IS KING.  
Editor From "Paradise of the Pa-  
cific," Quondam Angeleno Newspaper  
Man, Visiting Here.

William M. Langston, former An-  
geleno and present booster extraordi-  
nary for the Hawaiian Islands, has  
returned to this city after many years  
of voluntary exile in the "Paradise of  
the Pacific."

Langston is an old newspaper man;  
not old in years, but in service. He  
was connected with Los Angeles pa-  
pers a decade and a half ago.

Adopting for his own the nom de  
plume of the island, "Paradise of the  
Pacific," Langston uses the same name  
for his monthly magazine which he  
prints from a modern plant in Hono-  
lulu.

Langston is full of "impressions,"  
and the first of these crowding for  
release from his system had to do with  
sugar.

"Sugar," said the editor, "is still  
king in Hawaii, but independent of  
the sugar business, Honolulu is en-  
joying prosperity due to her growth  
as a city, and to the increasing num-  
bers of army and naval men station-  
ed on the island of Oahu, where there  
are nearly 4000."

"I learned just before I left that  
an enterprise is under way for the  
establishment of a direct steamer line  
between Honolulu and San Pedro. This  
project is backed by capitalists who  
propose to erect large tourist hotels in  
Hawaii. Such a line would help  
Los Angeles as well as Hawaii."

UNLOADED GUN AGAIN SHOTS.  
Young Woman Fires Pistol Ball  
Through Man's Shoulder While  
Brandishing Revolver.

The weapon that "wasn't loaded,"  
claimed another victim yesterday af-  
ternoon, when James Butts, pole ste-  
ter for the Sunset Telephone Com-  
pany, was shot through the right  
shoulder by Miss Ruth Robertson,  
who with her mother, lives at No. 20  
South Los Angeles street with Butts  
and his wife. The four were in the  
room when the shooting occurred.

At the Receiving Hospital Butts  
said he had unloaded the weapon to  
permit Miss Robertson to hold it  
while she posed for a picture. After

It had been taken, according to Butts,  
Frank Dibble, No. 163 San Julian  
street, reloaded the weapon but said  
nothing about it.

The shooting occurred while Miss  
Robertson was brandishing the we-  
apon in the air. Dr. Carter of the hos-  
pital says Butts' wound is more dan-  
gerous than dangerous, unless unforeseen  
complications should arise.

LETTERS TO  
"THE TIMES."

Bad Spots In the Roads.  
POMONA, June 2.—[To the Editor  
of The Times:] In your SundayMag-  
azine I see in your first article a short  
treatise on "good roads," which is  
very good, but it "died a bornin."

The article says "one can leave Los  
Angeles by routes as numerous as the  
spokes of a wheel and go ten, fifteen,  
twenty and fifty miles along contin-  
uous reaches of excellent road." Have  
you started for Venice recently via the  
Washington-street pavement? If so,  
did you notice that half-mile of bumps  
and holes after you got onto the hill  
beyond Rosedale Cemetery?

Have you headed your auto out  
North Main street and pulled to the  
right past Eastlake Park and noticed  
that mile of ruts, holes, mounds, etc.,  
before you catch the good road be-  
yond?

Then again, go via North Broad-  
way and skim through Alhambra and  
cross the bridge and then—Ye Gods!  
three miles through San Gabriel till  
finally you catch the valley road at the  
cemetery below El Monte.

Again, follow the valley road to El  
Monte. All is lovely, after you leave  
the last strip at Eastlake Park, till you  
catch that famous sand pit below El  
Monte. Can you explain why the al-  
lotment for this end of the county's  
share of that \$2,500,000 good roads  
bonds fund expired before anything  
was done in that famous sand pit?

Why is it supposed to have to do in a  
making that half-mile strip of the  
main valley good road at least pass-  
able for an auto? True, teams were  
working there last week, but so far as  
I can see, they are not helping mat-  
ters at all.

It is only pure luck that no ac-  
cident occurred in that gully washed  
in the road and past which a fence has  
been temporarily constructed. When  
two cars meet in that strip of road it  
is a case of the survival of the fittest.  
The car with most power has to take  
to the deep sand and let the lesser  
powered car have the run of the road.  
Traffic, else there would be hours spent  
pulling cars out of the sand, roping  
of wheels and much hithering of the  
queen's English in getting out of that  
trap which really does stick cars every  
day.

As I am a booster for good roads,  
I have lots of good roads.  
But we should have those places fixed  
which are a blot on the road map.  
Where are our Supervisors and what  
are they supposed to have to do in a  
case where a bridge washes out? In  
the case of that sand strip below El  
Monte, it would be better if it were a  
river to ford, for at least one could be  
reasonably sure of getting through,  
while in that sand you—well just try  
it!

I am a booster for good roads and  
am for making that blot down there a  
thing of the past, as soon as possible,  
also am I a booster for the good roads  
which are a blot on the road map.  
Where are our Supervisors and what  
are they supposed to have to do in a  
case where a bridge washes out? In  
the case of that sand strip below El  
Monte, it would be better if it were a  
river to ford, for at least one could be  
reasonably sure of getting through,  
while in that sand you—well just try  
it!

LETTERS TO  
"THE TIMES."

Bad Spots In the Roads.  
POMONA, June 2.—[To the Editor  
of The Times:] In your SundayMag-  
azine I see in your first article a short  
treatise on "good roads," which is  
very good, but it "died a bornin."

The article says "one can leave Los  
Angeles by routes as numerous as the  
spokes of a wheel and go ten, fifteen,  
twenty and fifty miles along contin-  
uous reaches of excellent road." Have  
you started for Venice recently via the  
Washington-street pavement? If so,  
did you notice that half-mile of bumps  
and holes after you got onto the hill  
beyond Rosedale Cemetery?

Have you headed your auto out  
North Main street and pulled to the  
right past Eastlake Park and noticed  
that mile of ruts, holes, mounds, etc.,  
before you catch the good road be-  
yond?

Then again, go via North Broad-  
way and skim through Alhambra and  
cross the bridge and then—Ye Gods!  
three miles through San Gabriel till  
finally you catch the valley road at the  
cemetery below El Monte.

Again, follow the valley road to El  
Monte. All is lovely, after you leave  
the last strip at Eastlake Park, till you  
catch that famous sand pit below El  
Monte. Can you explain why the al-  
lotment for this end of the county's  
share of that \$2,500,000 good roads  
bonds fund expired before anything  
was done in that famous sand pit?

Why is it supposed to have to do in a  
making that half-mile strip of the  
main valley good road at least pass-  
able for an auto? True, teams were  
working there last week, but so far as  
I can see, they are not helping mat-  
ters at all.

It is only pure luck that no ac-  
cident occurred in that gully washed  
in the road and past which a fence has  
been temporarily constructed. When  
two cars meet in that strip of road it  
is a case of the survival of the fittest.  
The car with most power has to take  
to the deep sand and let the lesser  
powered car have the run of the road.  
Traffic, else there would be hours spent  
pulling cars out of the sand, roping  
of wheels and much hithering of the  
queen's English in getting out of that  
trap which really does stick cars every  
day.

As I am a booster for good roads,  
I have lots of good roads.  
But we should have those places fixed  
which are a blot on the road map.  
Where are our Supervisors and what  
are they supposed to have to do in a  
case where a bridge washes out? In  
the case of that sand strip below El  
Monte, it would be better if it were a  
river to ford, for at least one could be  
reasonably sure of getting through,  
while in that sand you—well just try  
it!

# SOCIETY

Miss Florence Dillon

Of this city, who will be heard in concert at the Majestic Friday evening. (Photo by Matze.)

**A** TID-BIT from London that will interest society mightily is news of the wedding of Miss Florence Laub, who has been traveling abroad for three years, and Lieut. Reginald E. Laub of the Royal Navy. This announcement was received in this city yesterday, when Mr. and Mrs. Henry Laub, parents of the bride, who live here, told a few of their intimate friends. The service was solemnized in the English capital June 1, and was one of the most fashionable events of the late London season. The bride lived in Los Angeles several years before going to Europe, and her return was expected soon by her friends.

**Interesting News.**  
The betrothal of Miss Isabelle Donahue and William Henry Pool of New York, nephew of the late Lawrence Pool of San Francisco, has been announced. The bride-elect is the daughter of Mrs. Richard Sprague and the late Col. Mervyn Donahue of San Francisco, and grand-daughter of John Wallace of San Francisco.

**Announces Engagement.**  
Mr. and Mrs. David Brian of No. 715 Clanton street announce the betrothal of their daughter, Miss Flora Blanche, to Frank J. Nelson of this city. The wedding will take place the latter part of June.

**Silver Wedding Anniversary.**  
Mr. and Mrs. William G. Weir of No. 419 Dewey avenue celebrated their silver wedding anniversary Monday with a pleasant reception. The home was radiant with beautiful flowers and many dainty gifts were received. Special guests were Mrs. Weir's only brother and sister, George A. Stingle and Mrs. George A. Wendert. Both Mr. and Mrs. Weir were born in Halton county, Ontario. They came to Los Angeles in 1906, where they have made many warm friends. The pleasant party was enjoyed by Mrs. George A. Wendert, Ira H. McElhose, Mr. and Mrs. Malcolm McMartin, the Misses Erin and Vera Eastwood, Mr. and Mrs. Harrison Weir, L. E. Judy, William Scott, Dr. L. Ludlow Haight, Dr. Elmer Fletcher Haight, Mrs. Mirabella Robinson, George A. Stingle, Dr. Nettie Haight-Stingle, Miss Ellen Robinson, Master Leslie L. Haight.

**Bridge Luncheon.**  
Mrs. H. W. Seager of No. 749 Berendo street charmingly entertained Friday with a bridge luncheon for twelve of her friends. An artistic menu of Cecile Bruners decked the table, where place cards bore the names of Mrs. Stanley, Mrs. Carl Stanley, Mrs. Hernandez, Mrs. Irving Carl, Mrs. E. T. Sherer, Mrs. Jasper E. Crandall, Mrs. J. Burris Mitchell, Mrs. J. A. Dubb, Mrs. George Thompson, Mrs. H. Weaver, Mrs. Malvina Brasse and Mrs. Motley H. Flint. Prizes were awarded to Mrs. Crandall and Mrs. Dubb.

**Left Yesterday.**  
Mrs. Rufus H. Herron of Hotel Darby left last evening with Mr. and Mrs. C. W. Reynolds in their motor car for San Francisco. From the Bay City Mrs. Herron will journey to Portland, where she will visit her son-in-law and daughter, Lieut. and Mrs. William Hamilton Fox.

**To Return.**  
Mrs. Dave Hirsch, with her daughter, Miss Anna Helen, who have been enjoying a fourteen month tour of the world, will arrive in New York on the 4th inst., and after a visit of three days will return to this city to reside at Hotel Germania.

**Dinner Party.**  
Mrs. Olive B. Little entertained with an enjoyable dinner party Friday evening at her bungalow home, "Londarax," in Alhambra. The guests were friends from this city.

**To Leave Today.**  
Mrs. James Henry Ballagh of No. 5010 Fifth avenue will leave today for San Diego, where she will be the house guest for a week of her sister, Mrs. Oliver J. Brough. While away they will motor to La Jolla, Tia Juana and other pretty places of interest.

**Musical and Luncheon.**  
Mr. and Mrs. J. B. Mayer entertained Saturday with a musical and luncheon complimentary to Mr. and Mrs. Sam Rosenblatt of San Francisco. The programme was pre-

## INTERVENTION IS HIS ONLY HOPE.

COTTON PLANTER FESSIMISTIC OVER THE SITUATION.

Asserts that Mexican Federals Have Orococo on the Run, but that One Side is as Bad as the Other in Outraging Americans and Their Property Interests.

That Mexico is in such a position that the United States will be forced to intervene to save the lives and property of American citizens there, is the belief expressed last night by Howard Potter, nephew of the late Bishop Potter of New York, who is registered at the Alexandria.

Potter arrived from Mexico yesterday afternoon accompanied by J. W. Wisner, an assayer of Torreon, and they tell of wanton cruelties and confiscation of property by rebel and Federal soldiers alike.

Potter, who is manager of the largest cotton plantation in the world, located at San Fernando and Tlahualilo, near Torreon, in the State of Durango, said that rebel bandits swooped down on the ranch several days ago, killed many of his Mexican workmen, destroyed thousands of dollars' worth of property and took the live stock.

"Rebel and Federal soldiers have robbed and destroyed \$50,000 worth of property on our plantation in the last two months," said Potter. "The Federal soldiers are just as bad as the rebel bandits and have absolutely no respect for the lives or property of foreigners, especially Americans."

"They ran off all our horses, mules and live stock, and killed many innocent Americans," he said. "The only way out of this situation is intervention at this time. I firmly believe, however, that this country will intervene within the next two years."

"I have reported the wanton acts of the Mexicans to both the American and British governments and received assurances that quick action will be taken respecting our interests."

"One more victory like Gen. Huerta's at Rellano should break the back of the Orococo rebellion. The Federal soldiers are not better than the rebel forces stand up and fight a pitched battle. Orococo realizes that he is licked and is doing all in his power to compel the United States to intervene."

"The Mexican government has met the situation cleverly. It let Orococo concentrate his bands of insurgents in Chihuahua and start southward on the march to the capital. Then Huerta blocked Orococo's advances, inflicted heavy losses upon him and is now in close pursuit. If Orococo is beaten again, his only chance of prolonging the insurrection will be to break up his army into guerrilla bands but brigandage is not organized revolution."

The cotton plantation comprises 250,000 acres, of which 25,000 are under cultivation. It is owned by James Brown Potter of New York, the uncle of Howard Potter. It is valued at \$50,000,000. Young Potter left Torreon ten days ago, stopped at Monterrey for a day, and went to Brownsville, Tex., over the Mexican National Railroad. He met Wisner in El Paso. He expects to return to the plantation early next week.

One bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy goes a long way toward relieving suffering humanity.—(Adv.)

**Left for Home.**  
Mrs. F. I. Carbery and two children, and Miss Minnie Colman, who have been visiting at the home of Mr. and Mrs. D. Brian of No. 715 Clanton street, during the past month, left Thursday night for their home in Seattle, Wash.

**Dinner Party.**  
Mrs. Jack Korbel entertained Wednesday evening, at her home on Dewey avenue, with a dinner followed by cards, complimenting Mrs. E. B. Studer, who is leaving for an extended eastern tour. The guests were Mr. and Mrs. August Pfeiffer of Peoria, Ill., Mr. and Mrs. George Van Vlack, Mr. and Mrs. C. E. Davidson, Mr. and Mrs. O. L. Woodward, Bernard E. Studer and Mr. and Mrs. John Korbel, Sr.

**FUNERAL OF MRS. HUGHES.**  
The funeral of Mrs. Mattie W. Hughes, a woman of philanthropic character and a prominent church worker, was held yesterday at the residence on West Adams street. She was a member of Trinity M. E. Church, South, and the services were conducted by Rev. R. P. Howell, her pastor, and Rev. E. P. Ryland, a former pastor. She was a native of North Carolina and was 77 years old. She came here with her husband, George W. Hughes, in 1886, and he died twelve years ago. She leaves one son, Dr. West Hughes.

**At the Post:** Mrs. Charles Strubling, Robert O. Fitz, E. B. Strong, Mrs. W. P. Howell, F. C. Conrath, R. J. Schweppa, Mrs. Conover and Thomas Wood.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear.—(Adv.)

## A Sale COATS \$9.75

For Women and Misses  
At "The New York."  
YOU KNOW (if you've lived in Los Angeles even a very few months) what Styles, what Qualities, what Values to expect when "The New York Store" announces one of their famous \$9.75 SALES!

Today Coat Values are stronger than ever in this wonderful sale, and hundreds of classy models in Serges and Mixtures, cleverly trimmed, just the right weight for this season of the year, will be claimed by eager women who wish to profit by such amazing reductions as mark this—

\$9.75 COAT SALE!  
On Third Floor.

The New York  
COATS & SUITS

the great vegetable shortening now taking the place of lard.

Clean, economical and free from animal fats of any kind.

The New Standard Encyclopedia is guaranteed to be new and complete. A University Society Consultation and membership Certificate, entitling the holder to many benefits and privileges and good for three years, goes with each set. This certificate keeps the Encyclopedia.

**A QUARTER CENTURY.**  
Before the Public. Over six million copies given away each year. The constant and increasing sales from samples, proves the genuine merit of Allen's Post-Box, the anti-septic powder to be shaken into the shoes for Corns, Bunions, Aching, Swollen, Moist, Tender feet. Sold everywhere. See Sample FREE. Address A. S. Clunet, LeRoy, N. Y.

## Sensational Piano Sales

Dependable pianos are not sold at the ridiculously low figures quoted by houses which abuse the public confidence by sensational statements in their advertising. The piano offered as "Was \$550; now \$115," or "Was \$400; now \$98," is merely a bait to catch the unwary and unsuspecting buyer.

Of one thing be certain; no house sells pianos at a loss; no house sacrifices its merchandise, selling at less than cost; no house which offers pianos, built to sell for \$400, for \$260, sells \$400 pianos for such prices.

Misrepresentation may, for a time, succeed, but they who purchase pianos under the belief that they are getting \$100 or \$150 in piano value for nothing are storing up trouble for the future.

Go about the selection of your piano calmly. Do not be influenced by sensational statements in the advertisement of any house. Bear in mind the fact that better pianos are sold at lower prices, and on as favorable terms, any and every day in the year, at our stores.

Sensationalism and misrepresentation find no place in our business. Our pianos speak for themselves. They are well made, fully guaranteed, and sold at the same identical prices that are asked on the floors of their manufacturers, whether in Boston, New York or Chicago. Investigation will convince you and will save you money.

LOS ANGELES

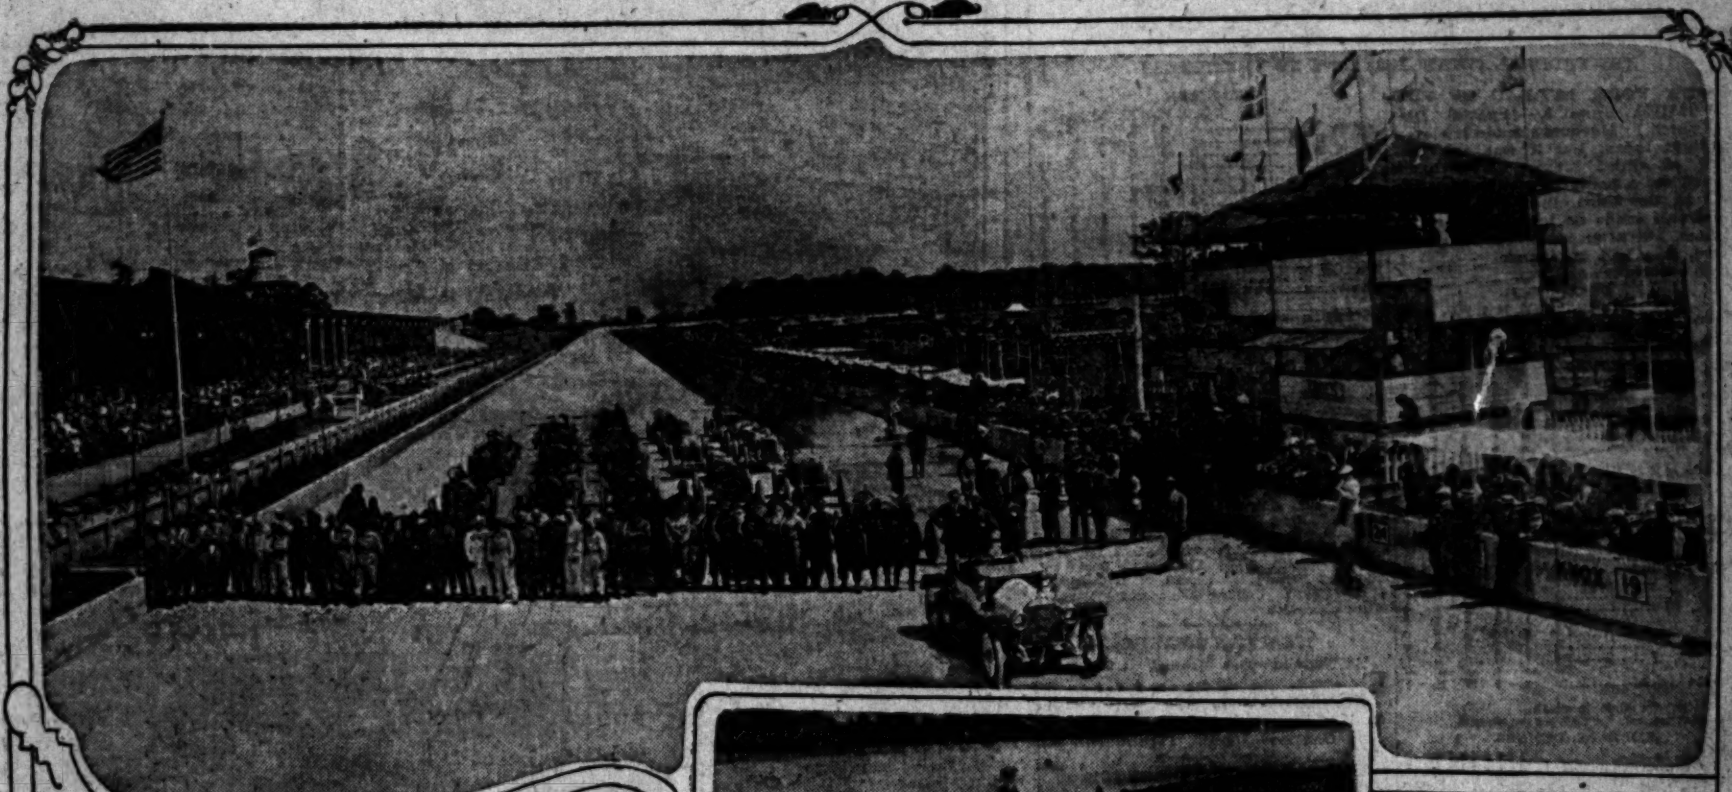

The Pink Sheet—4 Pages—Illustrated

XXXI<sup>ST</sup> YEAR.

TUESDAY MORNING, JUNE 4, 1912.

PRICE: Single Copies, on Streets and Trains, 5 Cents; For Month, For Copy, Delivered, \$14.00.

## First Pictures of the Indianapolis Speedway Races.

You'll have your "inning"—if you take your outing in a Ford. 'Twill give you the largest measure of satisfaction—at the least expense. And should accident befall, you'll find Ford repairs near-by. There's scarcely an American hamlet that hasn't a Ford service station.

Seventy-five thousand new Ford Model T's will go into service this season—a proof of their wonderful superiority. The price is \$590 for the roadster, and \$690 for the five-passenger touring car—complete with all equipment, f.o.b. Detroit. Get latest catalogue from Ford Motor Company, Olive and 12th streets, Los Angeles, or direct from Detroit factory.

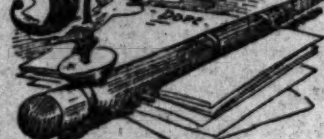

THE vogue of the Columbia Knight motor is not due to its silence so much as to its other qualities. Its positively driven valves produce greater power from its cylinders by reducing loss of energy and friction, give greater flexibility, higher efficiency and longer life. These are the reasons for its success. No motor built on other principles can equal these results.

Charles Y. Knight gave his personal unqualified approval to the entire design of the Columbia Knight before it was offered to the public.

Send for catalogue or demonstration.

United Motor Los Angeles Company  
1200 Olive St., Los Angeles, Cal.

### WHIFFS FROM THE OLD SPORT RIDE

Good-bye, Danny. What are we going to do for somebody to rough-house now?

#### Bill's Tough Job.

"Bill" Reidy has a good record and he has been educated in a great baseball school; but he has a heart-breaking job ahead of him. Trying to make the Seals over into a "winning team" is more discouraging than for a homely woman to keep a red nose powdered.

#### What's Matter, Packy?

I haven't heard of Packy McFarland picking up any easy money on the hick circuits for at least two days. Can't understand it at all.

Packey doesn't come of a prodigal race. He believes in making "hay while the sun shines, and he lies awake all night weeping alone, to think that you can't make hay while the moon is shining.

Packey would fight the water for his breakfast; the Pullman porter for his tip, and a newboy for his morning paper. If it had been Packy McFarland who had been operated on last fall for appendicitis, I will wager that he would have set up in the middle of the cutting and offered to fight the surgeon for the price of his bill—winner to take all.

My own idea is that Packy steps off the train every time it stops and challenges the baggage smasher. At any rate, every other night you read of Packy's fighting men that nobody ever heard of before in the world.

#### Gummy Boot.

At the same time, I think that some of the boys who fight offener and get bigger purses are beginning to see that Packy has had a mighty shrewd career.

"I fight two or three times a year and nearly kill myself in doing," said one of the champions, when we were talking about it. "I got ten or fifteen thousand a crack for it; but Packy is fighting some old hick or other every night. He gets a few hundred for every fight; but he gets a lot of those purses."

"Packy has more money than any of us right now, and believe me, he is good for years yet. He won't be fighting the grandsons of the yaps he is beating up now."

#### Perilous Voyage.

Thomas Fleming Day, a yachting writer, has announced his intention of trying to cross the ocean this summer in a thirty-five-foot motor boat. He expects to sail either from New York or Boston at the end of this month. Queenstown is the destination.

The boat selected for the voyage is of unusually heavy construction, with a tank capacity of 10,000 gallons. There are accommodations for five men—two in the engine-room and three on deck.

#### K. O. Brown Beaten.

Leach Cross defeated Knockout Brown in New York last night. Cross weighed 112 1/2 and Brown two pounds lighter. Brown had the better of the first two rounds. The third was even. Cross took the next six and Brown finished strong, with slightly the better of the last round. Brown played to the body with left, using his right occasionally to the head, while Cross jabbed with his left and used uppercuts. Cross scored two knock-downs.

#### Wolgan Won't Duck.

Little stock is to be taken in the reports that Ad Wolgan will duck his fight with Joe Rivers. In the first place, Ad undoubtedly considers himself to be "right" again. But even if he does, he doesn't ever think he will be fool enough to lose that forfeit money until he has been out in Los Angeles and carefully tested himself in every way in a training camp.

### The Start and the Finish.

Above shows the cars lined up for the starter's gun. Below, to the right, is the wrecked McFarland car bearing the hoodoo number 23. The bottom picture is that of Joe Dawson, the winner of the great race, taken just as he crossed the line in the National.

#### On With the Dance.

## HARRY THOMAS TO TAKE OWEN'S PLACE.

Moran's Broken Hand Will Keep Him Out of Ring and Fellow-Townsmen from Dear Old Birmingham Is Chosen to Fill the Breach—Is Expected to Keep White Busy.

BY OWEN R. BIRD.

GLOOM, deep as a night on the Styx, settled over the Moran camp yesterday afternoon after the doctor's examination of Owen Moran's hand, and they had a great time, as it is the first time in a career of thirteen years that Moran has ever had to postpone a fight, and he is all broken up over the turn of affairs. Yesterday afternoon Jack Doyle's looked like a funeral parlor just before the service. Moran and Mrs. Moran were shedding many tears and little Harry Thomas was adding his quota to the flow. However, there is going to be a fight Saturday, and it will be a good one. Harry Thomas is going to take Moran's place. He begged hard for the chance yesterday and McCarey likes him so well, after his workout last Sunday, that the match has been practically arranged and only a few details remain for the final clinching of the affair.

Harry Thomas comes from Birmingham, England, and there is a lot of that old clanish spirit mixed in his fight, as he wants to make good for Owen and uphold the honor of old Birmingham, as Moran claims the same city as his home.

After watching Thomas in action, one is reminded of Terry McGovern at his best, and when we set them coming like Terry of old something is going to drop. Thomas has fought seven twenty-round battles in England and won the decision in every case, and at the present time there is only one man across the water who stands in his way to the British featherweight championship and that is Driscoll. Thomas has met all the hard ones on this side and such men as Knockout Brown and Pat Moore could do nothing with him in ten rounds, so he has every right to step into Owen's shoes.

Moran's hand received its injury in the last fight with Charlie White at Syracuse, but when he came out of that fight, he thought he had only sprained his thumb and, as his hands have been bad for some time, it was supposed that about two weeks' rest would put him back in the game. In making last Sunday, for the first time

### NEW CRICKET TEAM A-FIELD.

LEI BAS RECRUITS STRONG ELEVEN IN HEMET.

Players Who Have Figured in Some of World's Greatest Matches Banded Together by Santa Monica's ex-Captain—Challenge Issued to Los Angeles and Accepted.

C. C. Le Bas, ex-captain and organizer of the champion Santa Monica Cricket Club, has recruited an exceptionally strong eleven in the Hemet district. He felt so cocksure of his talent that he motored to Vineyard last Sunday to issue a challenge to the Los Angeles Cricket Club. W. W. Eggeit and T. D. Hamford, on behalf of the local club, accepted the challenge. Both teams now are at work putting in the finishing touches with bat and ball. A date for the important fixture will be set in the near future.

The Hemet team will include the following named players: C. C. Le Bas, captain; W. O'Carroll, Oscar O'Carroll, G. Butlin, W. Butlin, H. Bottrill, W. Bottrill, A. Walker, M. Salisbury, A. Millington, C. Back, P. Robinson and several other enthusiasts.

W. O'Carroll has played for the South Africans against all-England. His highest score in one of these test matches was 41 runs against what may be considered the best bowling in the world. Oscar O'Carroll is an ex-member of the "Gentlemen of Ireland" eleven. He has played against the M.C.C., the South Africans when they toured the British Isles, and against other first-class club brothers and good bowlers.

C. C. Le Bas is a member of the famous M.C.C., the premier cricket club of the world, which formulates all rules and settles all cricket disputes. On several occasions Le Bas has represented his club in first-class matches. On account of his smart work in the field, he was invariably placed in the slips, a position which all-England fielders envy when playing the Australians or the South Africans.

Le Bas is an all-round sportsman. Last Saturday, after nearly half an hour's hard play, he landed a five-pound rainbow trout from Hurley Creek, near Keen's Camp, and a second one weighing three and a half pounds. Both fish were caught with a six-ounce red on three-ply tackle with worm bait.

Until recently Keen's Camp has been the rendezvous of a couple of mountain lions. The beasts had become a scourge to the neighborhood. Le Bas headed an expedition for their extermination. After several futile attempts to get within range of the felines, George Snare of Philadelphia, a house guest of Le Bas, bagged both lions with a right and left from a double-barreled .577 sporting rifle. The government has paid Snare \$40 as bounty for having rid the district of these pests.

#### NO BAIT TO FIGHT.

EAST LAS VEGAS (N. M.) June 2. —[By A. P. Night Wire.] Positive assurances were received here today that the New Mexico Legislature would refuse to act on any prize fight legislation now before that body.

The Legislature will adjourn Saturday. An effort on the part of Senator Evans, who introduced an anti-prize fighting bill, to have it reported today by the committee was voted down.

Well, Here's Hoping.

### "BILL" REIDY BOSSES SEALS.

New Manager on the Bench for Frisco.

Danny Long Resigns from the Team.

Reidy Says He Will Watch for a Week.

"When the Seals play Vernon Tuesday afternoon, I will be there, directing the play of the San Francisco team from the bench. Of course I will have to talk a little business first with Cal Ewing; but it will be all right. I have every confidence in being able to make a job of the Seals. They have the stuff in them. All they need is to pull together. I know they will play for me if they will play for any one."

Although the announcement of the resignation of Danny Long as manager of the San Francisco team was only made yesterday, the event must have taken place several days ago, as Reidy was found to be in Los Angeles, prepared to take command of the team at the drop of the hat.

When seen last night at the Rosslyn Hotel, he had very little to say about his plans and nothing whatever to say about the resignation of Danny Long. He said he couldn't say exactly what his plans would be until he had been in command of the team for a week. For a week, he says, he will just wait and watch.

Which, of course, is mainly merry prandage on the part of William as

SENSATION

**Commissioner Sullivan Shows  
Tryouts, that Pacific Athletics  
aided, Beat the English Team  
vard Stadium Saturday.**

**NEW YORK BUREAU OF THE**  
**TIME**, June 3.—[Special Dis-  
 patch.] If anyone doubts the  
 path of the statement recently made  
 by James E. Sullivan, American com-  
 missioner for the Olympic games, "No  
 air as the English group is concerned,  
 the Pacific Coast groups can defeat  
 them in a dual Olympic meet," we  
 need only to look at the perform-

In the following paragraph will be found the winners, time or distance, in all events that bear comparison, the better figures being placed first in each case.

The 100-meter sprint—Courtney

The 100-meter sprint—Courtney (America), 21.4 s.; Haley (England), 23 s.

The 800 meters — Edmondson (America), 1m. 55.3 s.; Mann (England), 1m. 57.3 s.

The 110-meter hurdles — Kelly (America), 15.2 s.; Powell (England), 15.3 s.

The 1500-meters — McClure (America), 19.4 s.; equaling best Olympic record; Applegarth (England), 19.4 s.

2 m. 5-5 s.; 2-5 s.; Cottrill (England).  
 Running high jump—Horsie  
 (America), 6 ft. 7 in.; world's  
 record; Baker (England), 5 ft. 11 in.,  
 6 feet later in exhibition.  
 Running broad jump—Abrahams  
 (England), 22 ft. 8-5 in.; Allen  
 (America), 22 ft. 3 in.  
 Discus throw—Allerman (Amer-  
 ica), 132 ft. 11 1-4 in.; Henderson  
 (England), 124 ft. 5 1-2 in.  
 Hammer throw—Stasiuk (America),

159 ft. 9 1-3 in.; Flaxman (Eng-  
land), 134 ft. 8 1-2 in.  
Javelin throw—Bellah (America),  
4 ft. 10 1-2 in.; Pirood (England),  
3 ft. 2 1-2 in.  
Fencing shot—Rose (America), 49  
ft. 1-2 in.; Quinn (England), 41 ft.  
Standing high jump—Morrison  
(America), 4 ft. 10 in.; Taylor (Eng-  
land), 4 ft. 8 in.  
The comparisons show that emac-  
sated form on May 19, 36

Pacific Coast outdid the bulk of the world's Olympic material in seven of the twelve events. When the great race now being made by the eastern states are considered, England will be lucky if she gets a point in the field track events.

**KEPTICS TAKE HATS  
OFF TO GEORGE HORINE.**

By Federal City Correspondent

NEW YORK BUREAU OF THE  
June 3.—[Special Dispatch.]  
Some athletic experts repudiate the  
action of Walter Tomassan that  
Joe Horine is a phony jumper.  
The biggest men in American athletics  
on the green yesterday at Celtic  
watching every movement made  
by the Stanford boy after he had  
fixed six feet on the cross place. Until  
stayed with the

There are a few things the easterners were saying today: "Absolutely a marvel," said James Sullivan. "A most remarkable answer in every sense of the word. Nothing to criticize? I should not find a fault with his jumping and a fault with his jumping. Every one of his leaps was def-

your inch leaping made. On the six with an inch to spare. Little Kid Horine is some jumper, to think the best they have in these are chaps who can do no better than six feet, one inch, and that pretty."

Time is short, but lithe and works clean in conjunction with his legs body. He does not take more than three steps to make a leap, all time, however, fused.

...a clear horizon line. The story Edgren says: "The horse clears the bar by the same unfair trick evidently originated in one's envious state of mind. He has worked out an original jumping, unlike anything ever seen, and the local jumpers admit he has shown them a jump- ing better than their own. Instead of running swiftly to the

almost works. He takes a couple of swift steps at his short walk, and starting the standards, springs straight and comes in at a slant from the jumps from his left leg, re-approach on the left. As he throws his feet high, "aya" correctly in the air, and sails a cross-bar at full length, in a less front.

Marine's left shoulder and
